

Call for Participation

We invite you to join us in **12th International Conference on Image Processing and Pattern Recognition (IPPR 2026)**.

This conference serves as a premier global forum for presenting the latest advances, research innovations, and emerging trends in Digital Image Processing, Computer Vision, and Pattern Recognition. As these fields continue to evolve rapidly—driven by breakthroughs in deep learning, generative models, multimodal AI, 3D vision, and advanced sensing—IPPR 2026 brings together leading researchers, engineers, and scientists from around the world to exchange ideas, foster collaboration, and showcase cutting-edge developments.

The conference welcomes contributions that span the full spectrum of theoretical foundations, algorithmic innovations, and practical applications. From fundamental image processing techniques to next-generation vision systems, from neural rendering and multimodal perception to medical imaging and scientific discovery, IPPR 2026 aims to highlight impactful research that pushes the boundaries of what intelligent visual systems can achieve.

Authors are invited to submit high-quality papers that present original research results, innovative projects, survey studies, and industrial experiences demonstrating significant advances in Image Processing, Computer Vision, Pattern Recognition, and related fields. Submissions may address theoretical contributions, methodological developments, experimental evaluations, or application-driven research. demonstrating significant advances in Image Processing, Computer Vision, Pattern Recognition, and related fields. Submissions may address theoretical contributions, methodological developments, experimental evaluations, or application driven research.

Highlights of IPPR 2026 includes:

- 12th International Conference on Artificial Intelligence and Soft Computing (AIS 2026)
- 12th International Conference on Software Engineering (SOENG 2026)
- 14th International Conference of Security, Privacy and Trust Management (SPTM 2026)
- 15th International conference on Parallel, Distributed Computing and Applications (IPDCA 2026)
- 12th International Conference on Data Mining (DaMi 2026)
- 13th International Conference on Computer Science and Information Technology (CSIT 2026)
- 7th International Conference on Natural Language Processing and Applications (NLPA 2026)
- 7th International Conference on Advanced Machine Learning (AMLA 2026)
- 7th International Conference on Big Data and Applications (BDAP 2026)

Registration Participants

Non-Author / Co-Author / Simple Participants (No Paper)

100 USD for Online (Without Proceedings)

490 USD for Face to Face (With Proceedings)
